- Frontend: Vue.js, React.js(Next.js)
- Backend: Laravel, Spring
- Databases: MySQL, MongoDB
- Tools: Git, Docker, Figma
- Languages: JavaScript, PHP, JAVA, C, C++

LANGUAGES

Khmer - Native

English - Proficient (Speaking & Writing)

About Me

I'm a final-year(Year 5) Software Engineering student at ITC with experience in full-stack development using Vue.js, React.js(Nextjs), Laravel, and Spring Boot. I've built responsive web apps, worked with APIs, and handled databases like MySQL and MongoDB. I'm passionate about learning and building real-world applications.

WORK EXPERIENCE

Frontend Web Developer Intern

Institute of Banking and Finance

Aug 2024 – Jan 2025 (6 months)

- Developed a responsive frontend for an internal E-learning system using Vue.js and Quasar
- Worked closely with the backend team to integrate APIs

Backend developer Intern

Institute of Technology of Cambodia

Aug – Oct 2025 (3 months)

- Developed a web-based inventory system using Laravel, Filament, and MySQL.
- Implemented role-based access and real-time stock control across branches.

CERTIFICATIONS
